EVENT DESIGN PLANNING + PRODUCTION

RENTAL STUDIO

FLORAL STUDIO

CUSTOM SIGNAGE

Our Philosophy for your wedding:

OUTDOOR LUXURY EVENTS

We believe in well-thought-out curated weddings that speak to each client's unique love story. Weddings can be overwhelming - with clients not knowing how to pull together a look, what to order, and how to bring their vision to life.

To solve this problem, we have created design packages that let us take the lead with your overall design plans. How our services work is quite simple. You choose a wedding rental and design package, and then we get to work as your wedding designer, putting together a full wedding look from linen selections, tabletop, and centerpieces to custom walls and signage.

As your designer, we come up with the full vision for the day. Because florals have such a big impact on design, the majority of our clients utilize our floral department with our design and rental studio for a seamless look.

Your assigned designer will work on vision planning, rental choices, floral selections, and layout planning on top of that any custom wall or signage is designed and built in-house so that you don't have to worry about a thing. Your wedding becomes seamless, beautiful, and unforgettable...

Our Process for an amazing wedding:

OUTDOOR LUXURY EVENTS

1. Choose a Design & Rental Package
2. Book our Floral Services
3. Send over your wedding Pinterest Board & color pallet selections.
4. We then take care of all your wedding decor selections and floral design plans.
5. Design Call # 1 - Your designer will present you with a full wedding plan for every area of your wedding based on a personalized plan based on your colors and style and present a unique detailed plan. All areas of the wedding will be covered from the welcome area, ceremony, cocktail hour, and reception. There will be a plan of what elements are used and what florals are recommended to bring a custom vision to life.
6. Once the client has approved designs, the client's online portal is updated with a detailed outline of the plans.
7. Your designer will work on floorplan layouts for all rental items and vendor placement to ensure your event has the best flow.

GOLD RENTALS + DESIGN PACKAGE

Our Most Popular package:

Full Wedding Design + Rentals + Luxury Tabletop
